Dear Judge Sullivan,
It is with a "heavy heart" that I learned of your recent order against General Flynn and the rebuke of his counsel, Sidney Powell.
As a judge you have been very critical in the past regarding "Brady violations" by prosecutors. This order is a complete

reversal of your previously held opinions.
You sir, have very "weighty" issues upon your head.
And to think, your aspirations of a "federal bench" were assured after being appointed by Ronald Reagan. Only to be derailed by that unfortunate political/legal wrestling match with

Dick Cheney.
Not to fear! Bill Clinton stepped in and appointed you to the bench you now hold. I can't imagine how grateful you must have felt. Especially when his wife was facing very "difficult email" questions in the 2015/16 election cycle. And on top of all that, you

managed to keep your cool with your son and all that "unfortunate business". Thank heavens your looong time friend, fellow alum, and partner/associate on so many projects, Elijah Cummings, was able to "take care of it". Especially when Rod intended to exploit things. No one

wanted that young man to pay for the crimes he actually committed.
I suppose such stressful situations can leave a mark no matter how well "handled". Perhaps that explains why the vast majority of your decisions since 2015 have been in direct opposition to your previous record?

Whatever the case may be, we look forward to several more years of your work on the bench. And may I be the first to congratulate you on your recent acceptance of a very lucrative Board Position at the Environmental Law Institute! I know it isn't public yet, you're a modest man

and wanted to keep it secret, but it's too exciting too keep quiet!
And please give my regards to Mr. George Soros, he recognized your long standing commitment to the environment and contributed all those hundreds of millions to expand board positions for qualified people like

yourself.
May your impact on environmental issues be as effective as your time on the bench, only with much less stress, don't ever let anyone doubt it, you, Judge Sullivan, have certainly "earned" your new position.😎

2/ Netflix reportedly holds the right to keep renewing these shows, irrespective of Disney's preferences. Disney may be entering Netflix's territory with Disney+, but that didn't drive the cancellations. Netflix was making a rationale decision based on quality, cost, viewership

In this so called "impeachment inquiry" Dems will continue throwing shit at the wall, hoping something sticks. If it does they'll trot out their secret"whistleblower" who happens to be a expert on exactly what finally stuck to the wall.

In the end, they will fail. Then they will collect their sound bites for the election cycle while at same time claiming President Trump "exerted pressure" and "abused his power" Therefore the impeachment investigation was tainted. Allowing them to try again, and again.

Hello, I'd like to address these recent posts by Santasurfing, or someone who compromised that account. We are hoping and praying that the account is compromised. There was no indication on Friday or Saturday of any problems between santa and I. There were serious problems

with Santa's equipment, and mine and even RedPill78, at the same time. We are hoping someone has taken over the account. All the videos have been taken down from YouTube as well.

The chess game in Cali. Their plans are moving along, Troops moved to the area for "training" are actually a deterrent. Their overall plans are coming out. Seal off Cali, flood with immigrants, maintain absolute control. Cali will not allow voting in 2020, or allow Trump on

ballot at least. So they can claim illegitimate election/Presidency. Shutting down communications, confiscating firearms, etc. before their plans become fully known. All this forcing Trump to react so they can use
